

Northeast Association of Environmental Professionals Scholarship Program

Northeast Association of Environmental Professionals (NEFAEP) is a multidisciplinary, professional association dedicated to the promotion of education, environmental awareness and to provide a continued medium for professional contact and information exchanged among peers in the numerous and diverse environmental fields.

Scholarships are one way NEFAEP endeavors to help bring more professionals into the environmental field of study. Scholarships provide a means of rewarding excellence as students pursue their college careers, and many provide funds to help make the educational experience possible. They are a powerful investment in the future of a student and a community and they open the door to life-changing opportunities for deserving students.

ANNUAL SCHOLARSHIPS

Annual scholarships are funded each year through our members (membership dues) as well as sponsorship and other fund raising events. NEFAEP has elected to provide two (2) annual scholarship awards of \$1,000 each.

CRITERIA

- Student must be a NEFAEP member or a family member.
- Student must submit a copy of their most recent transcript.
- Student must express an interest in an environmental field as major program of study.
- Student will receive additional consideration if they provide documented community service involvement in the NE Florida area.

RECOGNITION

NEFAEP will present and recognize the winners of the scholarships at our monthly meeting held in November each year.
